

A SWEARY ANGRY YET ACCURATE COMPARISON OF POLICY

VS.

CREATED BY A HUMAN BEING WHO DOESN'T BELONG TO ANY POLITICAL PARTY BUT DOES GIVE A SHIT

**SUPER FUCKING
AWESOME NBN**

**SHITTY, SLOW HALF-MEASURE
THAT WILL NEED TO BE
FIXED LATER**

The Coalition's fibre to the node piece-of-shit plan will need to be sorted out later at much greater expense anyway, so if you vote for this you're a fucking idiot.

**GAY MARRIAGE WITH
LOVE & RAINBOWS
AND SHIT**

**ARCHAIC
DISCRIMINATORY
FUCKWITAGE**

Tony Abbott is a bigot. Fuck him and his hateful, backwards, repressed nasty fuckery. If two people are in love who the fuck are you to keep tell them it's not 'valid'. Fuck you.

**SAVING THE
FUCKING PLANET**

**TOTALLY FUCKING
THE PLANET**

Abbott fucked Turnbull on the basis of climate change being "crap", he's a climate-denying, self-serving, short-sighted, right wing tool and he will actively fuck up your children's future. Do you want to look back in 20 years time and remember that you voted for the guy that was **against** saving the planet? You'd be like one of those dipshits that opposed women voting.

**PRETTY
FUCKING GOOD
ECONOMIC
MANAGEMENT**

**IGNORANT
ARSE-BACKWARDS
ECONOMIC POLICY
THAT WILL FUCK US
ALL FOR A LONG TIME**

Even the motherfucking right wing Economist reckon's Labor's economic policy is a much better idea than slashing, cutting, and burning our economy. Keynesian stimulus bitches, it works. Despite your entitled moaning about cost of living pressures (while you sip imported beers looking at wall-sized plasmas in your McMansions) shit is pretty good. You vote for Abbott and you'll find out pretty fucking quickly what austerity results in and feels like. Macro-economics is not a household budget and our debt levels are fucking negligible. Seriously, wake the fuck up and stop being a credulous ignorant fool.

Also, despite all of Labor's faults and instability, they do actually give a shit about people and communities and, usually at least, create policy that's informed by evidence instead of ideology.

We're a nation of **underdogs**, we're supposed to look after the fucking **little guy**.

Stop being a selfish dick and vote for the party that gives us education, hospitals, equality and shit. Equal opportunity needs some fucking design intent, it doesn't just magically happen because free market - the rich get richer and the poor get fucked over.

For fuck's sake Australia. If you vote or preference the LNP you'll be voting for the far right wing and a whole big fucking world of pain and embarrassing stupidity.

So, in summation, don't be a stupid fucking mouth-breathing idiot. Vote for Labor (or at least The Greens with Labor as your second preference).

Fuck.
